Colorado Based Software Company

\$500 Activation Fee

Includes set up of the system on one of our servers, uploading of your logo & watermark, matching the color scheme, and 1 complimentary hour of set-up training.

\$65/Hour Deployment & Training Fee

We typically start at 20 hours of training. This includes training you and your team on the use of the system and helping you deploy the system. These hours never expire and can be used at your discretion.

ALL-INCLUSIVE SOFTWARE PRICING LIST

Unlimited users. Unlimited stations. No contracts.

Cultivation Solution

Our cultivation software provides a grow journal for you to track the different phases of each of your plants, turning your plant data into profitable science.

Dispensary Solution

Maintaining and selling your cannabis products while staying compliant has never been easier than with our API connection with LIVE, real-time reporting.

Production Solution

Build recipes, easily multiply your yields and keep exact COGS down to five decimal points using the Adilas production and manufacturing functionalities.
